What is Odoo On Demand Open Object

CRM + ERP + MRP + POS + HRMS + 网站 + 营销 + 生产力
工具 + Any idea

Brief history: Odoo

2005: TinyERP 1.0-4.0.

2009: OpenERP 5.0.

▶ 2011: OpenERP 6.0

2012: OpenERP 6.1

2012: OpenERP 7.0.

2014: Odoo 8.0

2015: Odoo 9.0

2016: Odoo 10.0-

Odoo Edition

- Open Source
- Open Source
- Non-free features

Core

Framework
ORM/Services

**Odoo
Community**

Core
+ Free Applications

**Odoo
Enterprise**

Community
+ Non-Free Applications

How to use Odoo

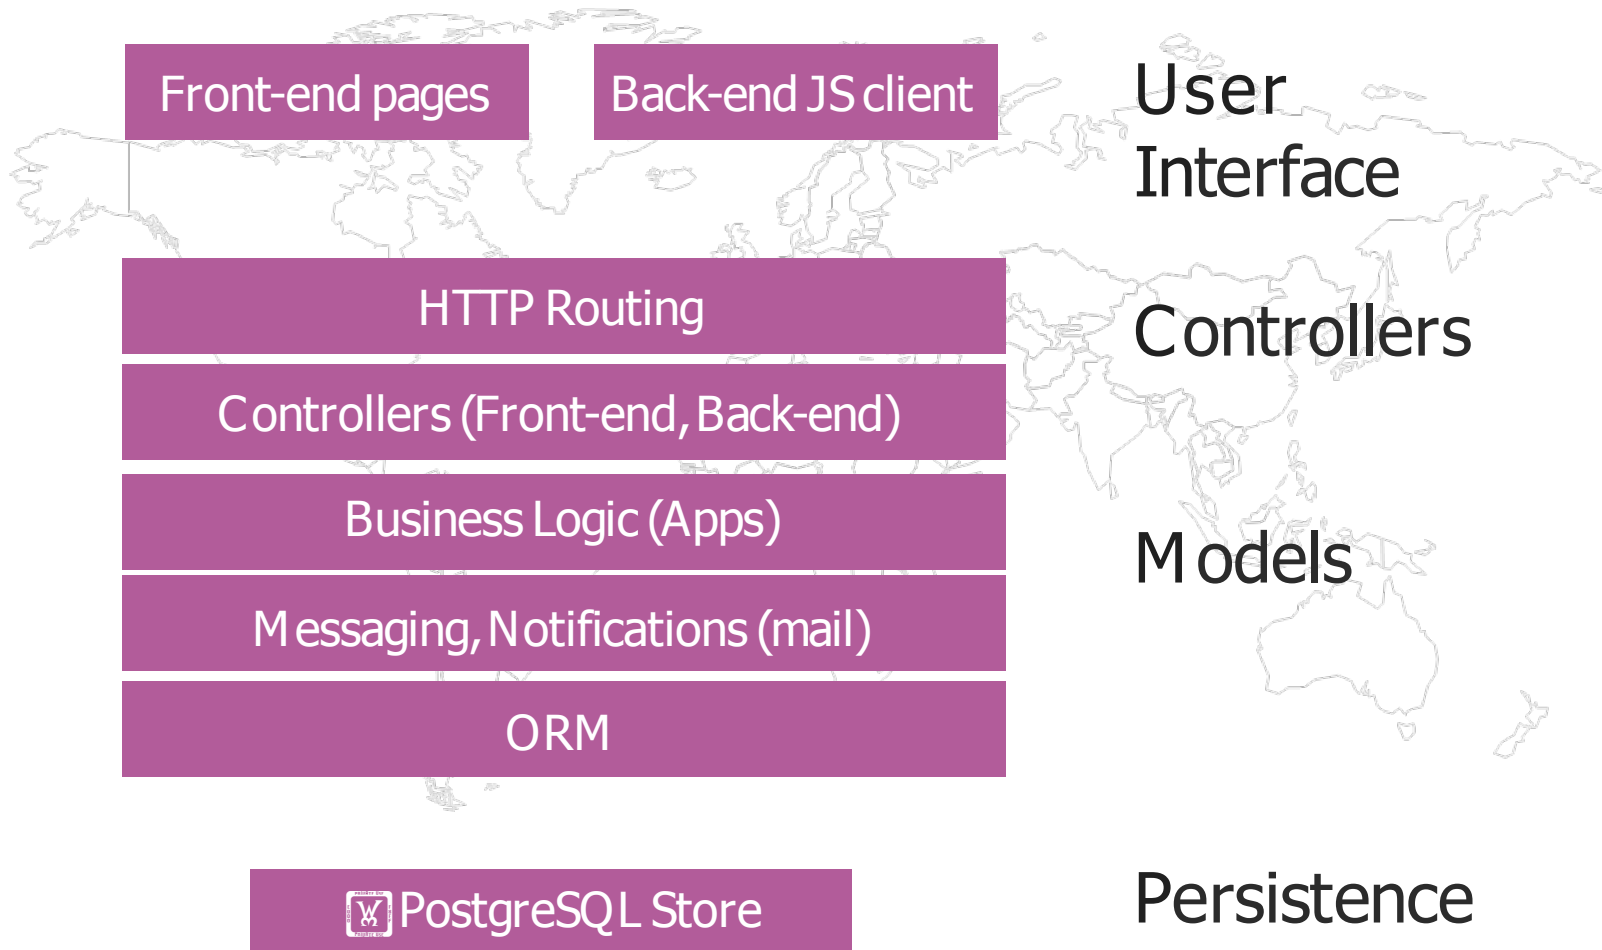

业务解决方案,大量的Odoo Apps

- Odoo community 200+
- Odoo enterprise 100+
- Odoo社区 10,000+

开发平台,强大的Framework

- LGPL授权
- 快速开发

Odoo Architecture

学习

- 了解，学习
- 部署并尝试
 1. 绿色版/VM镜像
 2. 源码安装
 3. 安装包
 4. 在线saas

Ubuntu better than windows
Python 2.7, not support Py3
PostgreSQL, no other

操作硬件

操作硬件

Pos box 运行 最小化的 odoo 实例

- `/hw_proxy/hello` 提供web service

扫描、称重

- Posbox 轮询条码枪
- Pos Apps 使用ajax 轮询posbox

打印

- Pos App 通过web service 向 posbox 发送指令
- Posbox驱动 硬件

启示

异构

松耦合

模块化

敏捷

Python 动态语言、灵活性

Open source = Free != 免费
